March / April 2018

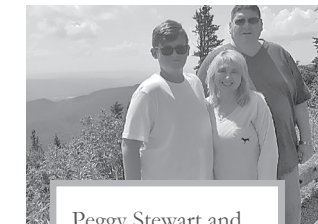

Volume 1, Issue 1

From The Administrator's Desk

I would like to take this opportunity to introduce myself. My name is Peggy Stewart and I have been a licensed nursing home administrator for 20 years. I started my career in the skilled nursing home industry with my first job out of college as a Business Office Manager. At that time, I had a Bachelor's degree with an emphasis in finance and accounting. It didn't take long at all for me to fall in love with the residents and for my desire to make a difference in their lives to blossom. I returned to college and earned additional Bachelor's degrees in Business Administration and Healthcare Administration. I am proud to be a "Buckeye"!

My husband and I have been married for 25 years and

we have been blessed with two children; a son and a

Peggy Stewart and her family.

daughter. Both have grown up volunteering and being a part of facility life. It is very important to me that they respect the elderly, frail and disabled. Our daughter is a freshman at BGSU and works evenings and weekends at an assisted living. Our son is a seventh grader at Shawnee Middle School. Our family wouldn't be complete without our two labs; Daisy and Alley. I have a strong sense of family and faith. I

hope to share this with my staff, families and residents here at Celina Manor. In fact, it is my goal to bring comfort and extraordinary care to the residents of Celina Manor, peace of minds to their families and fair, consistent leadership to the dedicated staff.

Thank you for making me feel welcome as the new administrator at Celina Manor. It is never easy to start a new job and for me, it had been 18 years since I had done so. I hope that you will stop by and introduce yourselves and give me feedback on how we are doing. I want to serve you well. I pray that I never think myself too busy to listen or offer an encouraging word. May I never forget how important it is to cherish those for whom we care.

Celebrating our 40th Anniversary!

Celina Manor is celebrating a big milestone this year! We are celebrating 40 years of Celina Manor.

Stay tuned for further details about our anniversary celebration event on Thursday, June 14th!

Therapy Corner

Celina Manor's Therapy Department created laminated picture place mats for the residents. The place mats feature various photos of puppies, babies, flowers, kittens, birds and butterflies. These were created for our residents in the Edgewater Dementia Unit. These place mats give the residents an opportunity to enjoy

looking at the pictures, as well as redirect a behavior and give them something positive to talk about.

Therapists Tara & Tami are pictured with residents enjoying the place mats.

"I see the decline she's taking as her dementia

progresses, but I know

she's getting great care by

staff members that care for

her like she's a member of

their own family, too."

A True Connection

At Celina Manor, we always say, our residents are treated just as our own family members. Likewise, the small town we live in, we often take care of family members, friends and neighbors alike. One example of this situation is Norma Mumaw. Norma is a resident of Celina Manor's dementia unit. She also is the grandmother of our Director of Rehab (DOR) and therapist, Tami Rammel.

"I had grandma come to Celina Manor because I trusted the team and experience the staff provides to be able to take the best care of grandma during a difficult transition period. We lost my grandpa suddenly and my family and I had to make that transition in life to admit grandma into a facility that could provide the

appropriate and necessary care for her. That can be a difficult transition for many families.

We, as staff members, understand this personally. We strive to provide that compassion and loving care. We treat each of our residents all like members

of our family. I enjoy having my grandma close to me every day. I see the decline she's taking as her dementia progresses, but I know she's getting great care by staff members that care for her like she's a member of their own family, too."

Tami Rammel (DOR) with her grandmother, Norma.

Life Enrichment Updates

My name is Jacqueline "Jacqui" Broering. I have taken on the position of Activities Director and Edgewater Director at Celina Manor. I am a St. Henry High School grad and continue to reside in St. Henry with my husband. I am a Certified Occupational Therapy Assistant and you may have seen me around the building prior to this position. I have practiced clinically as an OTA at Celina Manor for nearly four years prior to taking on this new role in October of 2017.

Jacqui Broering

I am very excited to take on this role, and have lots of goals and ideas to allow for further development of our memory care unit, Edgewater. We

have received a grant with a program called The Gift of Purpose. This grant has allowed not only myself, but our social worker, Erica Luthman, to become certified in the completion of the Reality Comprehension Clock Test (RCCT). The RCCT allows us to complete an assessment with our residents whom we see signs of dementia or Alzheimer's so that we may form a baseline of their current cognitive status and continue to monitor as dementia may progress. This is a great tool, as it also allows me to educate the staff members on possible approaches to take while caring for each resident in an individualized manner.

I am looking forward to developing our new Activity programming for dementia and Alzheimer's care, utilizing the Gift of Purpose method to allow for each resident in need of memory care to have individualized plans to help maintain their current cognitive functioning for as long as possible. I am excited to see the continued development of our memory

Meet Our Employee Spotlight

This month's employee spotlight is Justine Gonzalez!

Justine has been employed with Celina Manor since 2009. She started her career as a State Tested Nursing Assistant (STNA) and is continuing to climb the ladder! In 2012, Justine became a Licensed Practical Nurse (LPN), and now enjoys working in our Edgewater (Dementia Care) neighbor-

hood. Justine was the recipient of our corporate office, HCF's, Grant-in-Aid Scholarship this year. She is currently enrolled in the LPN to RN (Registered Nurse) transition program at Rhodes State College.

Not only does Justine provide the most quality of care and compassion to our residents, she also maintains an active life with her coursework to

Justine Gonzalez

further her education. We are so proud to have you a part of our staff, Justine!
